PROFESSIONAL OBJECTIVE

Accomplished Computer Science professional with dual Master's degrees and proven experience in university-level instruction and peer-reviewed publication. Seeking to leverage expertise in AI, cloud computing, containerization, and full-stack development to deliver impactful solutions in technology-driven roles across industry.

WORK EXPERIENCE

Lecturer DMI St. John the Baptist University	January 2023 – July 2024 <i>Mangochi, Malawi</i>
--	---

- Designed and delivered undergraduate modules in Data Structures, Algorithms, and OOP.
- Participated actively in the University's curriculum review process for the National Council for Higher Education (NCHE).
- Participated in digital literacy training programs for secondary schools and ICT training for government employees.
- Supervised undergraduate final year projects.
- Served as Internal Examiner, ensuring rigorous academic quality and adherence to regulatory standards.

ICT Coordinator / System Admin DMI St. John the Baptist University	Jan 2022 – Feb 2024 <i>Mangochi, Malawi</i>
--	--

- Managed the CAMU University Management System, supporting digital workflows for 1,000+ students.
- Directed the Exam and Course Management units, automating grading systems and enrollment data.
- Provided technical pedagogical training to faculty, facilitating the use of digital tools in the classroom.
- Optimized database systems to ensure consistent student access to academic records and portals.

EDUCATION

MSc in Informatics , University of Delhi, India (ICCR Scholar)	2024 – June 2026 (Expected)
MSc in Computer Science , DMI St. Eugene University	July 2022 – Feb 2024
B.E. in Computer Science , DMI St. John the Baptist University, Malawi	June 2016 – Aug 2021

TECHNICAL SKILLS

Programming	Python, PHP, TypeScript, React, MySQL
Cloud & DevOps	AWS (EC2), Docker, kubernetes, Git
Data & AI	Artificial Intelligence, Data Structures, Public Health Informatics, PowerBI
Tools & Platforms	Moodle LMS, CAMU UMS, Zoom/Teams, LaTeX
Soft Skills	Curriculum Development, Online Instruction, Technical Training, Student Assessment

RESEARCH & PUBLICATIONS

Peer-Reviewed Author. "Deep Learning-Based Diabetic Retinopathy Screening System," published in Springer Nature (2023). DOI: 10.1007/978-981-19-7455-7-25.

MSc Thesis Research (Informatics). Developed an AI-driven surveillance framework to predict infectious disease outbreaks using real-time social signals and Google Trends (University of Delhi).

LEADERSHIP SERVICE

- **Student Union Liaison:** Influenced campus academic policy by representing the student body in administrative council meetings.
